Laura Kelly, Governor

Online renewal no longer active.

The online renewal portal has been closed as of June 6, 2019. This decision was made because of multiple issues affecting licensee's ability to renew and agency staffs' ability to access information. The system was always secure with no information being compromised. We apologize for this inconvenience, the system will be reevaluated for the next renewal period. Paper renewals were mailed June 1, 2019 for those needing to renew their license.
